Repair Disclaimer: iGSM Wireless, Inc is not liable for any damages to the device during the repair procedure. We are professionals and will take every precaution necessary, but issues may arise that may be out of our control. Devices may be 100% working but since it is damaged, the components may be compromised and can stop working after it gets disassembled. Client will be contacted immediately if any issues arise. We are not liable for any data loss so back up your device before sending it. Don't include cases or any accessories. We are not responsible if they get lost or damaged. Please allow 3-5 business days for the repair to be performed. Expedited Services are also available if needed. We will contact you with a repair quote once it becomes available (if applicable). If the device is non-repairable, client will be responsible for a flat rate return shipping fee of \$20. A tracking number will be provided once the device is shipped back to you.

By signing below, client agrees to the above terms.
